**RE: FUNDING FOR THE SOUTH BAY ENERGY REWARDS PROGRAM
(REF # 1250-04)**

Dear Mr. Clanon:

As the person responsible for energy issues for the City of Inglewood, I have been following the very successful energy programs assisted and/or administered by ASW Engineering for a couple of years now.

The City of Inglewood was an eager participant of the South Bay Energy Rewards Program this past year and looked forward to continued participation for our Inglewood residents. The response to the Rewards program was very enthusiastic and hundreds of people took advantage of the opportunity. I feel that the educational opportunity provided by this program was also well received and we expected continued support and participation by the community.

Inglewood had considered submitting an application, but decided to continue our active participation in the South Bay Energy Rewards Program.

I would urge the Commission to fund this proposal for the current year.

Respectfully,
